INTRODUCTION

Since its inception in 1961, the Italian Chamber of Commerce of Ontario has been a facilitator of business, a seeker of investment, and a builder of commercial relationships.

With origins dating back to the 1930s, the Italian Chamber of Commerce of Ontario (hereinafter referred as ICCO), formerly the Italian Chamber of Commerce of Toronto, was officially recognized in 1961. The ICCO is a private, independent, non-profit organization whose aim is to enhance and promote investments, trade, business and cultural relations between Canada and Italy.

A keen promoter of the thriving Canadian business market, the ICCO is also a founding member of the Greater Toronto Business Alliance (Federation of Portuguese Business and Professionals, Indo-Canada Chamber of Commerce, Italian Chamber of Commerce of Ontario and Toronto Chinese Business Association). In addition, the ICCO is also a co-founding member of the European Union Chamber of Commerce in Canada (EUCCAN).

One of the main goals of the ICCO is to develop and create connections and business relationships between its Italian commercial partners and local companies and investors. Furthermore, the ICCO also aims at promoting the values of the Italian culture both in professional and social contexts.

Among its many tasks, the ICCO works as a consultant for a number of local and regional governmental agencies in Canada and Italy, as well as in the field of commercial mediation.

Knowledgeable in Canada's growing market, the ICCO's staff puts its services at the disposal of Italian companies that are seeking to expand in the local market, researching specific industrial sectors and arranging meetings with potential investors.

This dossier aims to summarize just a few examples of the large contribution provided by the ICCO through the years. At the same time, we hope that an ever increasing number of business as well as start-up companies will choose Canada their place to grow or look at.

“We believe that a stronger relationship between the two countries - Canada and Italy - will create more opportunities for investment and that the Italian Canadian community can be the springboard for a partnership, where business and cultural exchange can drive growth. It is ICCO's mission to provide services to the Italian companies that want to come to a strong, stable, and receptive market like Canada, and to the Canadian companies that want to know a creative and profitable market like Italy.”

(Corrado Paina, Executive Director ICCO Canada)

PARTNERSHIP & INVESTMENTS

In the GTA (Greater Toronto Area), the metropolitan area with the largest Italian community in Canada and one of the largest outside of Italy, the ICCO aims to create new business opportunities to its members, partners and sponsors, through its mediating activity. It offers an extensive set of services, established for the sole purpose of helping the companies grow and succeed. With its solid background and due to the presence of two offices in North Italy (Milan and Udine), the ICCO has been a facilitator for those Italian companies wanted to be linked with the Canadian market. The networking, in these cases, played a key role.

TREVISANA KITCHENS + INTERIORS

Collaboration between ICCO and Trevisana Kitchens + Interiors, a company that brings Italian-made kitchen cabinets into Canadian homes, started in 2015 within the work of the Italian Chamber of Commerce of Ontario that assisted the growing demand of Italian companies in developing their business in Canada and North America. The ICCO, through its in-market representatives provided Trevisana Kitchens + Interiors the tools to evaluate a development in Ontario and GTA.

“OVER THE YEARS, THE ITALIAN CHAMBER OF COMMERCE OF ONTARIO HAS DEMONSTRATED ITSELF TO BE INSTRUMENTAL IN OUR REGION’S EFFORTS TO ATTRACT NEW INTERNATIONAL INVESTMENT, AND IN PROVIDING A LEVEL OF SERVICE THAT IS BUILT ON THE FOUNDATION OF ADDRESSING THE BUSINESS NEEDS OF INTERNATIONAL CLIENTS. THEY HAVE, AND CONTINUE TO BE A POWERFUL AND INFLUENTIAL VOICE FOR THE BUSINESS COMMUNITY, BOTH DOMESTICALLY AND INTERNATIONALLY. I HAVE ALWAYS BEEN IMPRESSED BY THE BREADTH AND DEPTH OF KNOWLEDGE OF ICCO’S LEADERSHIP AND STAFF IN UNDERSTANDING THE MYRIAD OF ISSUES CRITICAL FOR PROMOTING ONTARIO, AND EARNING THE TRUST, CONFIDENCE AND CREDIBILITY OF THE GLOBAL INVESTMENT COMMUNITY.”

(TONY G. ROMANO, CEO, GLOBAL VANTAGE)

EATALY - LOBLAWS

Eataly, the company founded by Oscar Farinetti in 2004, is a large format/footprint Italian marketplace with restaurants. It is an energetic marketplace, an opportunity to taste and take home the products of artisans who bring customers the highest quality products at a fair price. With locations in Italy, Japan and USA (New York) now Eataly is considering opening in the City of Toronto in 2019.

Mediated by the ICCO, collaboration between Eataly and Loblaw, the supermarket chain with over 2000 stores in Canada, started in January 2011 and is presently being carried on with the purpose of introducing new Italian food producers and manufacturers interested in distributing in Canada through Loblaw's private labels: President's Choice, Splendido, Black Label. Discussions between Eataly and Loblaw executives included opportunities of collaborations in this sense.

SONY CENTRE - LIBESKIND

Studio Libeskind, a world-renowned architecture studio composed of architects and designers based in New York, was involved in a re-development project of a mid-modern theater into the Sony Centre for the Performing Arts, working as part of a public/private partnership, enabled by the ICCO.

"ITACA has been connecting people between Italy & Canada for the past 10 years. The partnership with ICCO was a natural step in promoting together the Italian-Canadian business and culture. Corrado & his TEAM are true visionaries, and their latest additions, the Innovation Desk and the Innova Awards, show how much in touch with our dynamic times they are. ICCO offers a wide range of activities to reinforce and grow our business, from the networking opportunities to the many high-quality events that they organize."

(Fabrizio Patuelli, President & CEO, ITACA Consulting)

INVESTMENTS & INTERNATIONALIZATION STRATEGY

ICCO Canada is an instrument for attracting **international investment** and provides services built around the business needs of international clients.

Foreign investment can play an important supportive role in any economy: they drive economic growth, job creation, competitiveness, and thereby economic development.

In 2011 ICCO Canada started a mediation activity to support **Eataly** (the large format/footprint Italian marketplace founded by Oscar Farinetti in 2004) with the aim of approaching the Canadian market and opening a new store in the city of Toronto.

In 2015 a **collaboration between Eataly and the Weston family, owner of Loblaw** (the supermarket chain with over 2000 stores in Canada) became a partnership that, after a few years of planning, led to the opening of Eataly Toronto on November 13th, 2019.

To learn more about how ICCO Canada contributed to this investment, please check **Oscar Farinetti's recent book "Never Quite"** available at this link.

"Oscar went there for the first time in 2014, when he was invited to a conference by the Italian Chamber of Commerce of Ontario. The director, Corrado Paina, had picked him up at the airport. In the half-hour journey towards the hotel, a connection between the two was immediately established, a connection which would be consolidated into true friendship and intense acquaintances in the years to come. They discovered they had many things in common."

"In the end, after that tour de force with the Westons, Oscar only had one day to visit Toronto with Corrado. But it was an extraordinary dozen hours, which made him definitely fall in love with that city. Corrado did his best to make him understand its essence."

"Corrado introduced him to the best builder in Toronto."

"It took two years of renovation to transform those 4,500 square meters into Eataly's "little house in Canada."

"Corrado Paina had organized a very interesting conference, dedicated to the creative ability of Italy, just the day before the inauguration. In addition to the merchant-friend, he had called other distinguished Italian speakers, each of them champion in his own specialty. Among these, Angelo Gaja and Oliviero Toscani. Farinetti was very happy that his friend from Barbaresco, the king of Italian wine, could see the Canadian Eataly."

(NEVER QUITE - Oscar Farinetti)

ICCO INCUBATOR/ VIRTUAL OFFICE

Leading Italian companies operating in several areas, (renewable energy, construction, technology, to name just a few), see Ontario as a perfect gateway into the North American market. ICCO gives them the opportunity to establish relationships with the locals thanks to a strong Italian presence in the territory and to the services offered.

GREEN ENERGY

Elettronica Santerno used the ICCO premise as their Toronto office from 2011 to 2013 in order to develop their business in the Green Energy industry (designs and markets inverters - for the production of electricity from renewable sources -, drives and soft starters for industrial and hybrid applications). ICCO served as incubator for their business development and networking opportunities, by giving them exposure during exclusive events and by providing prospects within its membership base.

Quotidia SRL, leading company in Solar Panel, used ICCO assistance and office for one year in order to increase their presence in the growing Ontario market.

"DEVELOPING A PARTNERSHIP BETWEEN CENTENNIAL COLLEGE AND THE ITALIAN CHAMBER OF COMMERCE OF ONTARIO SINCE 2016 HAS RESULTED IN MORE SYNERGY AND COLLABORATION THAN EITHER ORGANIZATION EVER IMAGINED. THE PURSUIT TO CONVEY THE POWER OF AUTHENTICALLY SOURCED ITALIAN FOOD AND BEVERAGE PRODUCTS BETWEEN ITALY AND CANADA HAS BEEN A WORTHY AND FRUITFUL ENDEAVOR THAT HAS BROUGHT BOTH COUNTRIES TOGETHER. BETWEEN THE TWO YEARS OF CENTITALIA FOOD, BEVERAGE AND ITALIAN CULTURE CELEBRATIONS IN TORONTO AND THE COOPERATIVE TRAVEL BETWEEN THE TWO WORLDS; THIS PARTNERSHIP HAS ALLOWED CENTENNIAL TO FORGE A FORMAL RELATIONSHIP WITH A LIKE-MINDED CULINARY INSTITUTION BASED IN TORINO."

(JOE BAKER, DEAN OF SCHOOL OF HOSPITALITY, TOURISM AND CULINARY ARTS, CENTENNIAL COLLEGE)

LOGISTICS

Villanova Group - BCUBE's offer includes a wide range of diversified and customized solutions for warehouse management, factory logistics transport, freight forwarding and project cargo, industrial packaging, air cargo logistics and value-added services up to cover the entire supply chain of the client. Throughout four years, ICCO assisted the company specifically in acquiring more clients within ICCO's membership network and helping them reach their market goal during this time.

INTERIOR DESIGN

Dopa Interiors Srl was born from decades of experience in furnishing of the best Made In Italy brands. Architects, engineers and designers of its team are led by solid entrepreneurial support and passion for beauty and Italian Style. The company has opened its office in ICCO space to explore business opportunities with potential clients in Canada.

Also, ICCO collaboration was fundamental in researching new contacts, managing directly the agenda between the parts.

GIAFRA Srl has almost twenty years of experience in construction, specifically in public tenders, although his beginnings were characterized by the implementation of purely private projects. The company has opened its own office in Canada using the ICCO office space available and services provided. The company aims to create business relations with new clients and potential partners, matching Italian expertise and Canadian quality.

TECNOLOGY

Solari di Udine Spa is the ideal partner for public information display systems, industrial time-keeping equipment and data collection systems. The design tradition, a long-standing hallmark of Solari's style, follows an evolutionary path, going from its famed Cifra 3 on display at the New York Museum of Modern Art to more recent products, like public information display systems, terminals, clocks, etc. In 2018 the company started a collaboration with the ICCO to explore business opportunities with potential clients in Canada.

FOOD

BUSINESS EXCELLENCE AWARDS - BEA

The Business Excellence Awards (BEA) are the prestigious awards presented to the most outstanding and innovative leaders from the business, academic and scientific community. The Awards are a means to celebrate and showcase those individuals who have changed the economic landscape of Ontario, and given a competitive edge to their business. The 15th annual Business Excellence Awards was hosted by ICCO on May 25th, 2017 at the Liberty Grand Entertainment Complex. The 2017 edition also celebrated Canada's Sesquicentennial (150th). This prestigious event also served as a chance to thank prominent leaders of business, politics and culture for their outstanding efforts towards the community's ongoing prosperity. 600 entrepreneurs celebrated the contribution of the Canadian community of Italian origin to the building of Canada. The 150th anniversary was remembered with seven awards and a magnificent speech by Hon. Frank Iacobucci. 2017 marked the 15th Annual ICCO BEA and commemorated Canada's Sesquicentennial.

BUONISSIMO

The Italian Chamber of Commerce of Ontario, ICCO Canada, joined the True Italian Taste project since its inception in 2016, to promote Italian agri-food products, their authenticity, and traceability, with a particular focus on certifications, and with the goal of educating Canadian audiences on how to make informed purchases and enjoy the unrivaled quality of genuine Italian goods.

The True Italian Taste project was promoted and financed by the Italian Ministry of Foreign Affairs and International Cooperation, carried out by Assocamerestero in collaboration with the Italian Chambers of Commerce abroad to strengthen and protect authentic Italian products. True Italian Taste has been part of “The Extraordinary Italian Taste” program.

Through this important initiative, ICCO Canada launched Buonissimo (www.buonissimo.ca), a website exclusively dedicated to authentic Italian food and beverages and their availability in Ontario. Buonissimo will continue to offer exclusive content, news, information, and useful tips to food lovers and industry representatives beyond the project’s wrap-up at the end of September 2022.

Our True Italian Taste program saw the participation of media and influencers, renowned local chefs such as Rob Gentile and Massimo Capra, Michelin-starred chefs from Italy Cristina Bowerman, Massimo Bottura, and Alfonso Iaccarino, as well as pizza master Franco Pepe, to name a few. Our calendar of events included masterclasses, conferences, tasting events, and several weeks of Italian cuisine with a special focus on traditional dishes and regional specialties, in collaboration with local Schools of Hospitality and Culinary Arts.

VIRTUAL EVENTS

ITALY A PLACE TO GO (2021)

The Italian Chamber of Commerce of Ontario Canada (ICCO Canada) - in collaboration with the Embassy of Italy to Canada, Consulate General of Italy in Toronto, Italian Trade Agency, Istituto Italiano di Cultura, and Italian National Tourist Board - created "Italy A Place To Go" with the purpose of spreading knowledge that goes beyond the typical Italian charms and attractions.

In fact, the event shows how Italy is both a place of beauty and sustainable opportunity for the future.

"Italy A Place To Go" highlighted several topics, including Economy, Design & Architecture, Innovation & Technology, and Tourism & Culture.

Several brilliant Italian speakers with diverse cultural and economic backgrounds delivered lectures in their respective fields of interest; these lectures were arranged over four days.

Speakers:

Domenico Mauriello, Francesco Daveri, Cesare Lobascio, Francesco Norante, Maria Grazia Mattei, Mario Cucinella, Darius Arya, Oscar Farinetti.

THE AUTHENTIC ITALIAN TABLE

The Authentic Italian Table (AIT) is an initiative of the "True Italian Taste" project for the promotion of authentic Italian products with DOP and IGP designations. The 2020 virtual edition of the Authentic Italian Table focused on Italian Panini. Across Italy, the sandwiches vary greatly, even in towns just a few kilometers apart. "Il Panino Gourmet" differentiates itself from the classic sandwich in the refinement of the ingredients: the bread is carefully selected, the filling involves elaborate preparations, and the use of high-quality seasonings is meticulously chosen. A Gourmet Panino can substitute many other types of fast foods and it can become a healthier option for a quick lunch/dinner on the go, creating a new trend throughout the city. The Panino Gourmet edition took place through two webinars organized in collaboration with Michelin Star Chef Claudio Sadler (Ristorante Sadler, Milan) and Chef Rob Gentile of Buca Restaurants.

MASTERCLASSES (2021)

In 2021, the Italian Chamber of Commerce of Ontario organized specific masterclasses that focused on an in-depth description of the DOP/IGP seals, what they stand for and the details behind them, the traceability of the products, the quality controls, "Product of Italy" versus "Made in Italy".

These masterclasses have been organized for media, influencers, bloggers, industry, and grocery store representatives.

Attendees learned about important details while sampling selected DOP/IGP products, as well as how to identify authentic Italian products in local grocery stores, how to incorporate them into their own dishes and why these products are such an important part of the Mediterranean diet.

TUTTI A TAVOLA - 2021

Tutti a Tavola is a series of online cooking classes focused on authentic and certified Italian products, organized in collaboration with Chef Roberto Fracchioni.

During this series, it has been shown how to prepare authentic Italian dishes with specific DOP/IGP products. It has been gone over their qualities, characteristics, and the health benefits of incorporating them into your everyday diet with the help of Chef Roberto Fracchioni: his recipes were created specifically for each participant and he revealed all his secrets for perfect preparation.

During each class, a media/influencer guest engaged in a conversation with Chef Roberto.

CETA

The EU-Canada Comprehensive Economic and Trade Agreement (CETA) has swiftly become a driving force when it comes to international trade and business relationships. The ICCO has continued in its endeavors to promote discussion and education regarding CETA, with two seminars in Milan and Varese in 2017. The same year, ICCO has partnered with the Canadian Embassy in Italy, the Quebec trade agency and other Chambers of Commerce in Bari during the Fiera del Levante, presenting opportunities for business in Canada, with a particular emphasis on Ontario. Also, ICCO co-hosts periodically seminars on CETA in cooperation with experts in the field and institutions, Stikeman Elliott LLP, The City of Toronto and the Consulate General of Italy in Toronto to give just a few examples. Most recently, Claudio Taffuri, Ambassador of Italy to Canada, spoke about the recent growth in trade between Italy and Canada, the opportunity for continued expansion that the CETA agreement presents, and the need for Italian-Canadian organizations to collaborate and share information to tap CETA's full potential.

“THE THUNDER BAY COMMUNITY ECONOMIC DEVELOPMENT COMMISSION IS PROUD TO BE A MEMBER OF THE ITALIAN CHAMBER OF COMMERCE. THE ITALIAN CHAMBER OF COMMERCE DOES AN EXCELLENT JOB OF EXTENDING AND STRENGTHENING THUNDER BAY’S TIES WITH TORONTO AND ITALY.”

(PIERO PUCCI DEVELOPMENT OFFICER, THUNDER BAY COMMUNITY ECONOMIC DEVELOPMENT COMMISSION)
