A MESSAGE FROM SAM CICCOLINI, founder of MASTERS INSURANCE

It is with great pleasure that I welcome you to the first edition of the Business Excellence Awards: The Next Generation, presented by the Italian Chamber of Commerce of Ontario Canada (ICCO Canada).

At Masters Insurance, we have always been dedicated to empowering and supporting the potential of our young talents. We firmly believe in the ability of our young individuals to shape the future of our industries and communities. I want to emphasize the importance of believing in the youth, as I myself began this journey in my twenties. With hard work and dedication, our company has now become one of Ontario's most trusted, independently owned insurance and bonding brokerages. I wholeheartedly believe that each one of you possesses the potential to excel in your careers. Our collective future is in your capable hands.

Since my family's arrival in Canada, we have brought with us a deep passion for family, a strong work ethic, and a commitment to our community. These fundamental values continue to be at the core of Masters Insurance Limited. Masters Insurance has a long-standing and cherished history of friendship and partnership with the Italian Chamber of Commerce. It brings me immense pleasure to announce the renewal of our partnership as we sponsor the Business Excellence Awards: The Next Generation.

Tonight, we gather to celebrate a new generation of Canadian-Italian leaders, innovators, and visionaries whose contributions are truly invaluable. This event perfectly aligns with our values, as we honor and applaud the next generation of innovators and leaders who are leaving a significant mark in the world of business and investments.

I extend my heartfelt congratulations to this year's outstanding winners, whose unique perspectives and unwavering passion make them catalysts for change and progress. Thanks to all of you for joining us in celebrating these outstanding winners, dedicated entrepreneurs, and the vibrant community that continues to foster the bond between Italy and Canada. Your presence adds meaning and significance to this special occasion. Best Always,

Sam Ciccolini, C.M., O. Ont., O.V., COSSM It.
President, Masters Insurance Limited.

THANKS TO OUR PARTNERS

MAIN CO-SPONSORS

EVENT PARTNERS

A NEW GENERATION OF LEADERS

Welcome to the Business Excellence Awards: The Next Generation, an event that celebrates dynamic and forward-thinking individuals who are shaping the future of Canada and Italy. Tonight, we are honouring the new wave of Canadian-Italian leaders, innovators, and visionaries whose contributions are nothing short of remarkable.

In a world that is constantly evolving, these exceptional young professionals have demonstrated an unwavering commitment to challenging the status quo and driving progress in a multitude of fields. Their relentless pursuit of excellence knows no bounds, and this event is a testament to their remarkable achievements.

With boundless creativity, passion, and a keen sense of innovation, they have set new standards in technology, science, business, arts, and social justice. These pioneers are not content with the ordinary; they continuously strive to introduce fresh perspectives, drive positive change, and push the boundaries of what is possible.

It's not just about their success in their respective fields; it's about their ability to serve as vital catalysts for change. These young individuals bring unique perspectives and an unparalleled passion to the table, enabling them to reshape industries and society at large. Their influence extends far beyond the workplace, reaching into the very fabric of our communities.

Welcome to a night of excellence, innovation, and boundless possibilities!

CANAMEDIA COMMILIA

THE PLACE WHERE CANADA MEETS ITALY, BUSINESS, INVESTMENTS, INNOVATION AND COMMUNITY CONVERGE, AND OPPORTUNITIES ARISE

**A MESSAGE FROM ICCO CANADA CO-PRESIDENTS AND EXECUTIVE DIRECTOR
Patrick Pelliccione, Tony Altomare, and Corrado Paina**

Distinguished guests:

On behalf of the entire Board of Directors of ICCO Canada, it is an honour to welcome you to tonight's gathering that celebrates three outstanding individuals in our community. Your presence adds immense value to this celebration of the new generation of Canadian-Italian leaders, innovators, and visionaries.

This **1st edition of the Business Excellence Awards: The Next Generation**, was conceived to celebrate young talented individuals whose contributions and unwavering commitment play an **indispensable role in shaping our collective future**, fostering a **positive transformation**, and **broadening the scope** of what can be achieved when someone excels in their field. This new generation brings forth fresh and innovative perspectives in different sectors including science, business, arts and design. We would like to extend our utmost congratulations to tonight's three winners, your commitment and creative outlook have allowed you to stand out and succeed.

At ICCO Canada, we have consistently focused on the future, recognizing the significance of investing in the next generation. Recognizing the need for substantial change, we embarked on a new project with unyielding resolve. "CAMERA" was born from the dream of several board members to guide the *Italian Chamber of Commerce of Ontario Canada* toward the future by placing special focus on the youth, the emerging generation of Canadian-Italians, and anyone interested in exploring Italy's business opportunities and cultural landscape.

As a business center that transcends the conventional boundaries of an incubator or shared workspace, "CAMERA" will serve as a gathering place for visitors, residents, business leaders, and professionals hailing from diverse sectors, including manufacturing, innovation, culture, and beyond. It will serve as a space where companies from both Italy and Canada collaborate, paving the path towards a promising future.

On this special occasion, as we honour the well-deserving recipients of these awards, we want to express our sincere thanks to the event's main sponsors, Air Canada and Policaro Group, all of our event partners, and attendees. Your unwavering support plays a vital role in the growth of ICCO Canada, and we are confident that it will continue to steer our collective journey into the "CAMERA" future.

Once again, congratulations to tonight's winners! We look forward to continuing this journey together, fostering growth and success within our community.

Sincerely,

Tony Altomare

INNOVATIVE THINKING AWARD

presented by

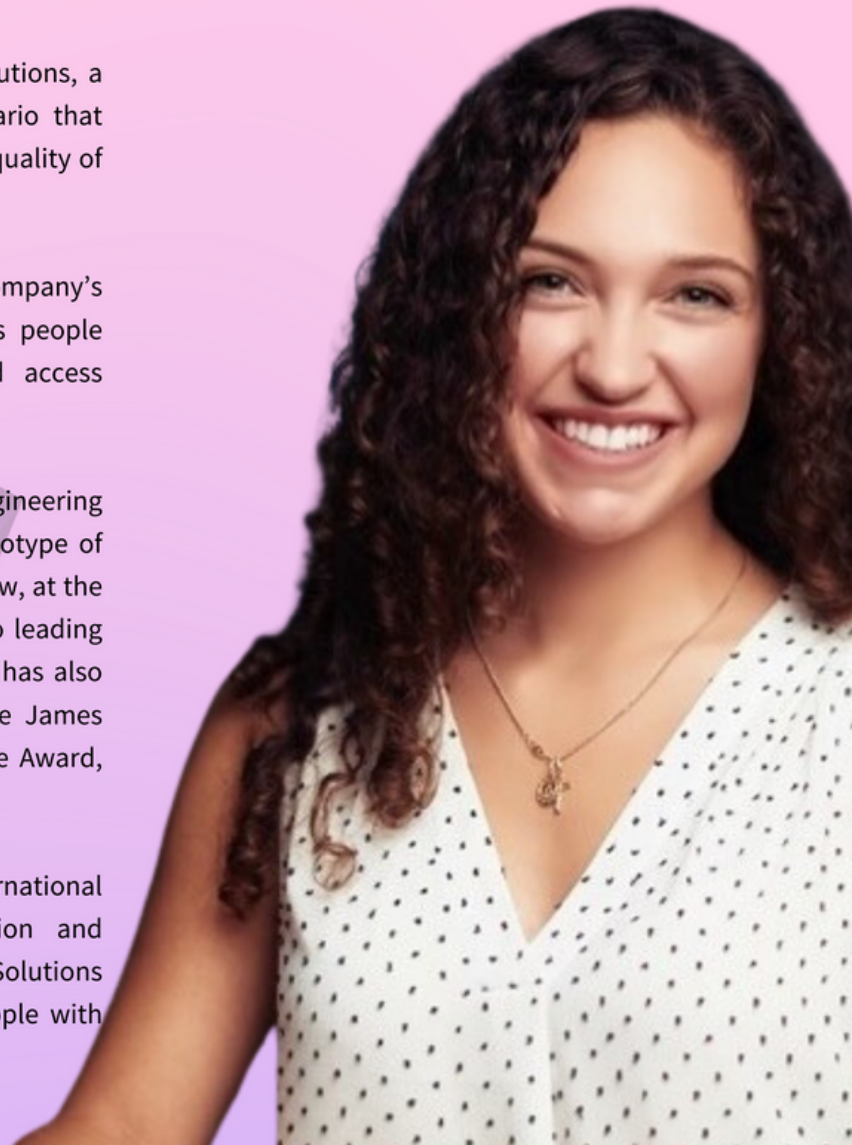

LIANNA GENOVESE

Lianna Genovese is the CEO & Founder of ImaginAble Solutions, a social impact company headquartered in Hamilton, Ontario that specializes in creating assistive technology to improve the quality of life for people with disabilities.

At the age of 19, Lianna invented Guided Hands®, the company's international award-winning assistive device that enables people with limited hand mobility to write, paint, draw and access technology.

Lianna holds a Bachelor of Biomedical and Mechanical Engineering from McMaster University where she created the first prototype of Guided Hands® for her friend living with Cerebral Palsy. Now, at the age of 23, Lianna has sold the product across the world to leading hospitals, rehabilitation centres, schools and families. She has also received over 28 awards for her innovation, including the James Dyson Engineering Award, Arthritis Society People's Choice Award, and named Forbes 30 Under 30 in Toronto.

Lianna is a natural storyteller and public speaker at international conferences creating awareness on disability innovation and accessibility issues. Lianna and her company at ImaginAble Solutions continue to make a significant impact on the lives of people with disabilities across the world!

CUSTOMER SATISFACTION IS OUR #1 PRIORITY

ITALY CANADA BUSINESS GROWTH AWARD

presented by

ALEXANDER ALBERELLI

Alexander Alberelli is a senior tax manager with KPMG in the private enterprise tax practice.

Alexander gained his technical knowledge by completing the Master of Taxation program at the University of Waterloo and then obtained his Chartered Professional Accountant, Chartered Accountant designation. Alexander furthered his expertise and knowledge by obtaining his Trust and Estate Practitioner designation from the Society of Trust and Estate Practitioners, and he scored highest in the country on his first exam.

Being brought up in an Italian family as the son of a chartered accountant, Alexander understood from a young age that even though most families are similar, each family has its own unique dynamics and situations. As a result, Alexander uses his knowledge, expertise and experience in assisting families and family-owned businesses to create estate plans and succession plans that are tailored specifically to the families' unique dynamics and objectives.

Alexander's passion for working closely with families comes from experiencing first-hand the positive impact that his father had on his clients as their accountant and ultimately family advisor, along with life-long relationships and friendships that flourish as a result. It often happens that advisors become part of each family, and that is what drives Alexander to work and implement practical solutions for his clients.

LAURA DAMIANI

Laura Damiani is the Director of Operations & Marketing at Damiani Jewellers, a family-owned business now in its third generation. With a foundation built on exceptional customer service, quality products, and heartwarming stories, Damiani Jewellers remains a trusted name in the industry.

Laura's love for the business extends beyond transactions, as she witnesses generations of customers coming in to create lasting memories with their loved ones. Her dedication to her craft goes hand in hand with her pursuit of knowledge.

She has furthered her expertise by earning a diploma in gemology from the prestigious Gemological Institute of America.

With a strong educational background, including a BBA and an MBA, Laura Damiani is well-equipped to guide customers through the world of fine jewelry, ensuring that each piece carries not only the weight of craftsmanship but also the warmth of a memorable story.

Laura is proud to continue the family legacy, overseeing the sale of engagement rings, wedding bands, diamonds, and luxury timepieces.

Policaró Foundation supporting the children of our future.

KEYNOTE SPEAKER

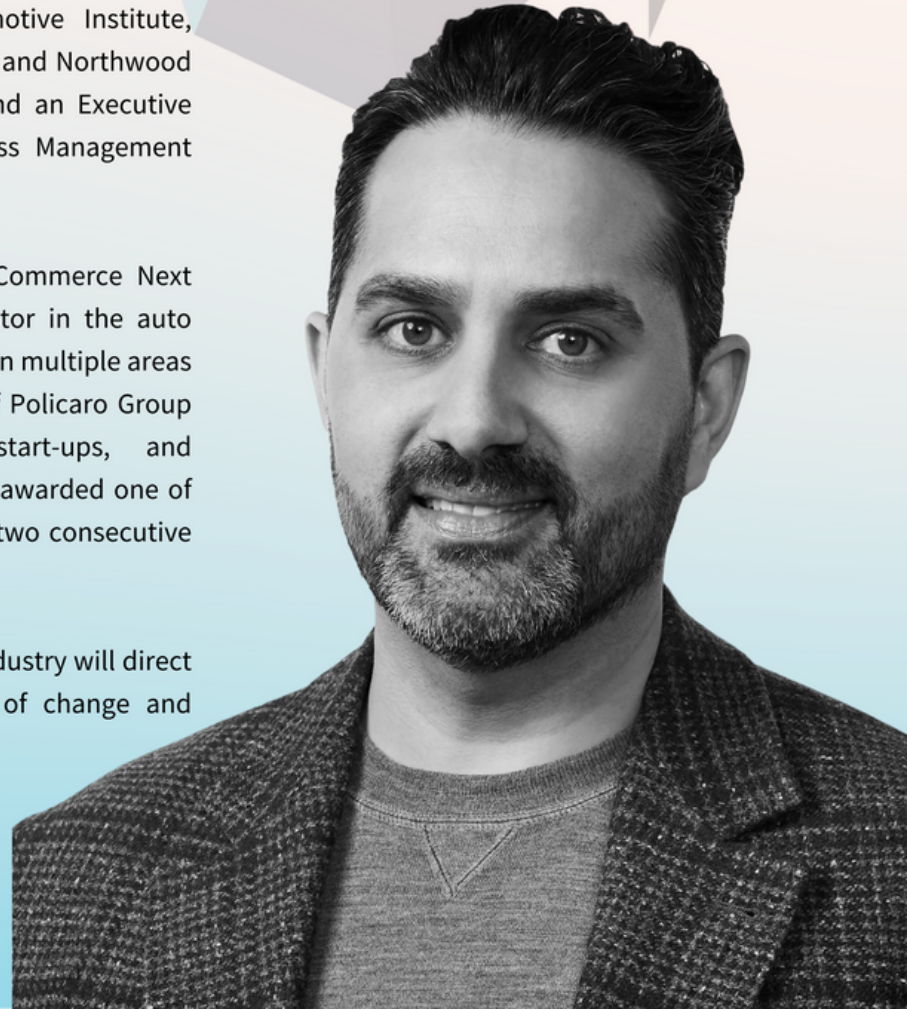

FRANCESCO POLICARO

Francesco Policaro is the CEO of Policaro Group.

A second-generation businessman, he began his career at an early age. His training includes The Canadian Automotive Institute, Business Management Program at Georgian College and Northwood University, NADA Academy accreditation (2005), and an Executive MBA from the University of St. Gallen in Business Management (2015).

Francesco also received The Italian Chamber of Commerce Next Generation Ron Farano Award in 2019. An innovator in the auto industry, Francesco has held positions of leadership in multiple areas of the industry and is responsible for the growth of Policaro Group through franchise appointments, business start-ups, and acquisitions which has led to Policaro Group being awarded one of Canada's Best Managed Companies by Deloitte for two consecutive years.

His passion, leadership, and understanding of the industry will direct Policaro Group through a dynamic environment of change and complexity.

Geothermal Heating and Cooling

A technology for Turbulent Global Climate Challenges

Proven Performance for more than 50 years

Gino Di Rezze P.Eng.- Took Prof Hooper's Research at U of T, combined it Swedish Installation ideas, and began installing geothermal as early in 1979.

Gino, among pioneers, founded Groundheat in 1985 marketed and installed these systems locally and on many other locations in 3 continents. Including across Canada, USA, S. Korea, China, Eastern Europe, Italy.

Applications varied from 700 to 62,000 sq ft single family homes to residential subdivisions. From single stand-alone buildings to 21 building districts campuses (Rome), as well as theatres, schools, museums, jails etc.

Mattamy Homes (US and Canada), Minto, Daniels, Aspen Ridge, CountryWide are all concerned about Climate issues and responding to the challenge by installing geothermal for their homes and buildings.

Dream, Cadillac Fairview, Smart Centres, Tricon Developments, and many more developers are doing their share on the commercial side to go green for their buildings.

Geothermal, harnesses the free energy from its own property to cool and heat. It is buried in the ground so it is sheltered from fire, floods and winds.

Worldwide it has proven to be the best tool for NET ZERO which positively contributes to Climate Change, Global warming, CO2 reduction, energy reduction, electrification, resilience, energy storage, etc.
